Philip Mikolaj Joins DocuTech as Chief Technology Officer

- Executive brings experience in developing, growing mortgage technology -

IDAHO FALLS, IDAHO, Sept. 8, 2008 - DocuTech Corp. (DocuTech), a leading provider of compliance services and documentation technology for the mortgage industry, announced the appointment of Philip Mikolaj as chief technology officer (CTO).

Mikolaj brings more than 10 years of mortgage industry experience and technology expertise to DocuTech's management team. As CTO, Mikolaj will be responsible for developing, testing and expanding DocuTech's key products – ConformX, Fulfillment Center and HCL/PredCheck. He will also be responsible for managing the company's internal IT functions.

"Philip will help build on the technology advantages of ConformX and continue to deliver the best customer experience in the industry," said Ty Jenkins, CEO of DocuTech. "Philip's years of experience with both lenders and mortgage vendors, as well as a proven track record of developing innovative Web-based software, will keep DocuTech on the leading edge of mortgage document and workflow innovation."

Prior to joining the DocuTech team, Mikolaj spent four years as senior vice president of Information Technology for Lake Oswego, Ore.-based LIME Financial Services. At LIME Financial, Mikolaj was responsible for maintaining and improving upon LIME's core mortgage banking systems, while developing innovative sales and marketing technology tools for LIME's sales force. Mikolaj also served as the director of Consulting Services for San Diego-based Del Mar DataTrac and vice president of Information Technology for Lake Oswego, Ore.-based Meritage Mortgage. Mikolaj graduated with a Bachelors of Science degree in Business Economics & Mathematics from Saint Mary's College of California.

Mikolaj is tasked with overseeing the development of three products. ConformX is a Web-based service that can quickly generate closing documents from any Internet connection. The Fulfillment Center provides a simple process for lenders to generate, send and track preliminary disclosures. HCL/PredCheck tests loan applications against high-cost lending and predatory lending rules to ensure compliance with applicable laws and regulations.
